> Prime Minister

- 864 students from NIOS qualified the NEET (UG) examination in 2017
- Arjun Bharat of NIOS is the state topper with 26th rank in Joint Entrance Exam (Advanced)
- Exams conducted almost everyday during June-September & Dec-March
- Choice of exam centres between NIOS HQ, 22 Regional Centers or 44 Kendriya Vidyalayas across India
- A total of 1804 students have appeared for the Commercial Pilot License in NIOS

GIVE EXAMS NOW ANYTIME, ANYWHERE

THE NIOS IS THE ONLY BOARD THAT OFFERS EXAMINATION ON-DEMAND
THIS ALLOWS STUDENTS FLEXIBILITY TO CHOOSE THEIR DESIRED SUBJECT,
DATE OF EXAM AND CENTRE TO BECOME CERTIFIED AT SECONDARY (CLASS 10TH)
AND SENIOR SECONDARY (CLASS 12TH) LEVELS

As part of the Student Database Management Information System (SDMIS), the On-Demand Examination System (ODES) is an innovative initiative of the National Institute of Open Schooling (NIOS) which facilitates the students to appear in an examination for a selected subject of his/her choice which he/she was unable to clear from any other recognised board and not waste an academic year. The NIOS is the only board which conducts ODE almost everyday, during June-September and December-March.

The students have a choice to appear under the ODES at the Secondary and the Senior Secondary levels. A student under ODE can select the desired available dates to give the exam at the desired exam center across the country. The registration process for ODE is online and transparent. The students can register on the portal—sdmis.nios.ac.in. Selection of the desired subject, exam centre (based on availability of seats) and the date for the examination is a real-time process which enables the students to book and re-book the seats. For fair conduct of the examination and to avoid cases of impersonation, the NIOS has introduced a QR-code based hall ticket.

The result of the ODE is declared within 45 days from the blocked dates of every exam month. About 75,000 students register themselves annually for the ODE and are certified in the subject of their choice.

Data security is the key to the program. The personal data in the database is masked and stored in an encrypted format. All financial transactions are done online through the payment gateways linked with Secure Socket Layers (SSL). To facilitate the students, Common Service Centers (CSC) are authorised to assist the students in online form-filling and payments through the CSC wallet.

It is important to note that no NIOS student can be debarred from taking any entrance examination as Senior Secondary Certificates of NIOS (Class 12) are recognised by the government. The NIOS evaluates the learners more vigorously than any other formal board as NIOS's exams test students from the syllabus of both Class 11 and Class 12 as compared to the other formal boards which test only from Class 12.

ADMISSION PROCESS

- First exam in April 2019
- Online payment facility and a wide choice of subjects
- Transfer of credit up to 2 subjects
- For more information on admissions, fees, subjects and other details log on to www.sdmis.nios.ac.in
