

National Institute of Open Schooling  
Senior Secondary Course – Library and Information Science  
Lesson 2 : Types Of Libraries And Information Centers  
Worksheet - 2

- 1) Libraries can be categorized into the following four types, i.e. Academic, Public, Special and National libraries; do you know what are the objectives of National libraries?
- 2) Where do we use Anticipatory Information Services?
- 3) Do you know what a bibliography is? Give examples of two books where you have seen a bibliography.
- 4) What are the factors responsible for evolution of Public libraries? Do you think with the help of the Internet, Public libraries have been able to cater to a wider audience?
- 5) Do you think that Collage libraries have a different role to play than a University library?
- 6) Are you in favor of having a library committee in libraries, give your views in both the case of yes or no.
- 7) If you get a chance to become a librarian of a school, what new and innovative practices would you like to implement.
- 8) Visit the website of the National Library of India and United Kingdom. Write down the activities performed by these two National Libraries which are similar.
- 9) ‘A special library performs various functions and provides multiple services. Is it a correct statement?’ In case of yes/no, give your views.
- 10) Are the services rendered by School and College libraries same or different? Support your views in either of the case.
