Essay

Freedom of India

Important of freedom

Freedom is something that everybody has heard of but if you ask for its meaning then everyone will give you different meaning. This is so because everyone has a different opinion about freedom for some freedom means the freedom of going anywhere they like, for some it means to speak up for themselves; and for some, it is liberty of doing anything they like.

Meaning of freedom :-

The real meaning of freedom according to my opinion is where you can do what you can like without any restriction by anyone.

"They may kill me, but
they cannot kill
my ideas."

— Bhagat Singh
