

**National Institute of Open Schooling**  
**Senior Secondary Course : Psychology**  
**Lesson 30B : Involvement of Parents and Community**  
**In a play centre**  
**Worksheet-30B**

1. Comment upon the influences that the play centre and home environment interaction have on a child during the early childhood years.
2. Suggest ways through which a teacher can make the play centre-home relations effective.
3. Interview a teacher/caregiver regarding the parental involvement in the play centre. Also explain the methods to parental involvement.
4. Describe the benefits of parental involvement in a play centre.
5. Explain how a play centre teacher can better understand the needs of the community to which he/she is catering.
6. Every member of the community can help in the effective functioning of the play centre. Do you agree/disagree with the given statement? Provide an explanation for your answer.
7. Elucidate upon the ways through which a community can contribute to the functioning of a play centre.
8. Mahila Mandals are registered local women organizations. Explain how they can play a vital role in running a play centre.
9. Explain support services available for establishing a play centre.
10. Visit a nearby play centre and collect information regarding the contribution of parents, community and government bodies in the functioning of the play centre.
